---

## Summary:

Driven Computer Science undergraduate with a robust academic track record and practical expertise in developing dynamic, responsive web interfaces using React.js, JavaScript, HTML, and CSS. Selected for a highly competitive 6-month apprenticeship at ThoughtWorks, where I made impactful contributions to agile software development projects, implemented modern software design methodologies, and strengthened proficiency in coding, automated testing, and version control with Git in Unix/Linux environments. Proficient in JavaScript and Python, with a solid foundation in data structures and algorithms honed through advanced coursework and diverse personal projects. Recognized for strong teamwork, effective technical communication, and the ability to deliver innovative, user-focused solutions. Enthusiastic about technology beyond the classroom—actively engaged in computer science clubs, regularly publish technical projects online, and eager to drive progress in distributed systems, machine learning, and scalable web application development.

## Education:

Anil Neerukonda Institute Of Technology & Sciences (2025 - Present)

Bachelor of Technology - BTech in Computer Science.

Government Polytechnic Srikakulam (2022- 2025)

Diploma of Education, Computer Engineering
